

Summary of Benefits and Coverage: What This Plan Covers and What You Pay For Covered Services

Northstar Health Plan: Silver Choice 2500

Coverage Period: 01/01/2026 - 12/31/2026

Coverage for: Individual + Family | Plan Type: PPO

SYNTHETIC SAMPLE ONLY. This document is modeled after the structure of a Summary of Benefits and Coverage, but all names, amounts, phone numbers, and plan details are fictional.

The Summary of Benefits and Coverage (SBC) document helps you choose a health plan. The SBC shows how you and the plan would share the cost for covered health care services. This is only a summary. For more information about your coverage, refer to the fictional plan document.

Important Questions	Answers	Why This Matters
What is the overall deductible?	\$2,500 individual / \$5,000 family in-network; \$5,000 individual / \$10,000 family out-of-network.	You generally must pay all costs from providers up to the deductible before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes. Preventive care, primary care visits, and generic drugs are covered before the deductible.	The plan covers some services even if you have not met the deductible. A copayment or coinsurance may still apply.
Are there other deductibles for specific services?	No.	You do not have to meet separate deductibles for specific services.
What is the out-of-pocket limit?	\$7,500 individual / \$15,000 family in-network; no combined out-of-network limit.	This is the most you could pay in a year for covered in-network services.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, non-covered services, and penalties for failing to obtain preauthorization.	These expenses do not count toward your out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. Visit example.invalid/provider or call 1-800-555-0188 for a list of network providers.	You pay the least when you use an in-network provider. Out-of-network providers may bill you for the difference.
Do you need a referral to see a specialist?	No.	You may see an in-network specialist without a referral.

Common Medical Events
